MCDONNELL DOUGLAS DC-10

The tri-jet DC-10 provides the highest level of passenger comfort in its 20-foot wide cabin. It carries up to 345 passengers at 600 mph over routes 300 to 6000 statute miles. The three advanced fanjet engines, providing 20,000 pounds of thrust or more, are smokeless, quieter and more efficient than earlier jets.
